

LPG Dispensers

The premium technology developed and tested specifically for these products ensures the Compac CNG dispensers operate safely and reliably.

Compac LPG Dispensers are of the highest quality and among the most accurate dispensers in the world.

The LPG Dispensers come complete with the Compac V50 Coriolis Mass Flow LPG Meter, Compac's LPG Solenoid and the Compac Electronic Fuel Head.

LPG Laser Model installed on site

→ Due to the unique design and configuration of Compac LPG Dispensers, the following benefits are achieved:

Designed to last – The dispenser frame is stainless steel.

Flameproof enclosure for power supply and circuit boards are coated to protect electronics

No free LPG – Highest possible accuracy. True error checking between meter and dispenser electronics prevents dispensing of un-metered LPG

Safe filling – Designed and approved to be installed in hazardous zones

Meter can detect water and vapour – Measures density, mass and temperature

Meter display options – View mass, volume or compensated volume

→ Compac designed LPG Solenoid allows for:

Heavy duty requirements of LPG applications

Built-in check valve and internal relief valve

Dual flow execution for use in preset systems

High flowrate and long life

→ Compac Dispensers can also be individually tailored to suit your needs:

Temperature Compensated dispensers optional

Units of Measure to suit market

Hose Assembly to suit market

Custom Branding of dispensers with your decals

Other Requests can be discussed

→ Coriolis Mass Flow LPG Meter

Meter Specifications	
Manufacturer	Compac Industries
Nominal Flow Rate	4-50lpm
Maximum Inlet Pressure	2.6MPa
Temperature Range	-25°C to +55°C (ambient) -10°C to +50°C (liquid)
Weight	~2.2 Kg
Accuracy	OIML R117
Material Specification	All wetted parts Stainless Steel and Aluminium

→ Nozzle Holder Options

General

Gasguard

OPW

→ Compac's LPG Dispensers are available in the following configurations:

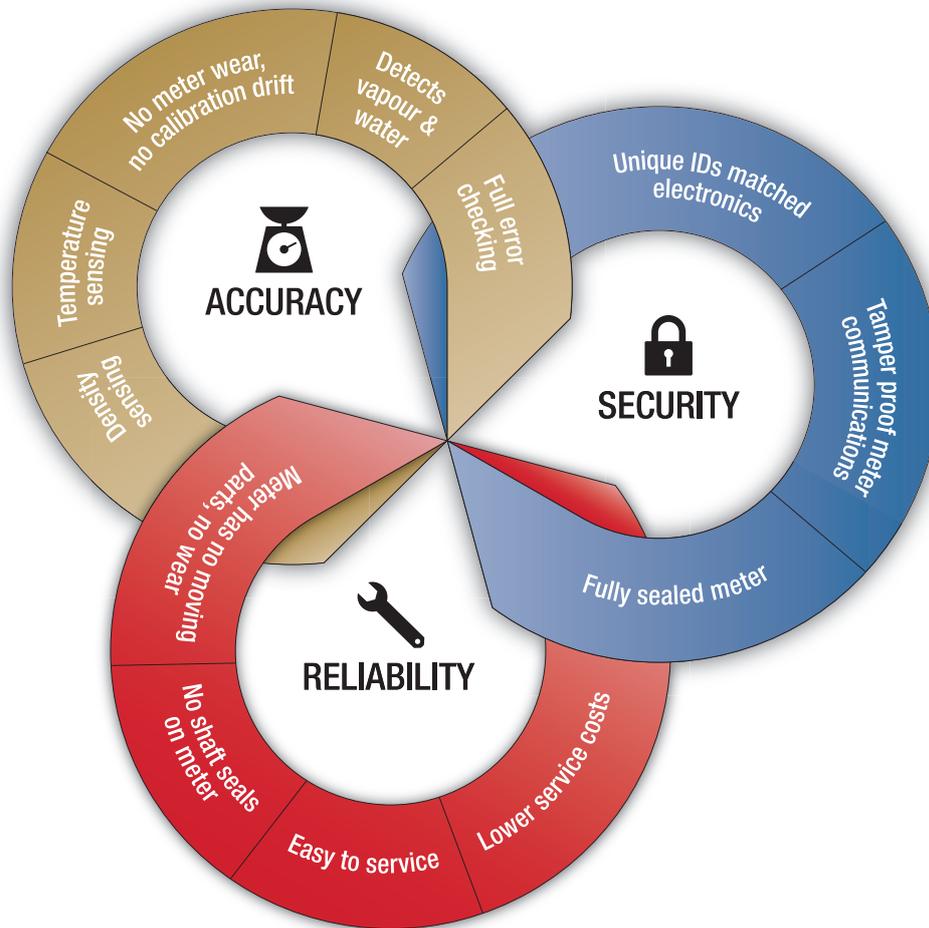

Model	Laser	Master
Working pressure	2600 kPa	2600 kPa
Single or dual hose	Yes	Yes
Preset	Optional	Optional
LPG meter and C4000 electronic head	Yes	Yes
Temperature compensation	Optional	Optional
Conducting hose	Optional	Optional
Nozzles	Optional	Optional
